BEST SUSHI

BIAN

183 Symonds St, City, ph(09) 309 5609

After attempting to make sushi a few months ago, we have new respect for the professionals. It's not as easy as it looks to make those perfectly formed little seaweed rolls with wonderful fillings. Bian do it better than anyone.

Traditionalists may tut-tut over some of their fillings - green beans or pumpkin with red pepper - but we love the imagination. This is the freshest, tastiest sushi we've had. It has all the favourites - such as California roll, teriyaki chicken and salmon - and you can get 40 or 60 piece party platters. We'd happily order one just for ourselves.

Cost: \$1 to \$1.30 for rolled sushi, party platters \$45 to \$65.
